

Fabric Inspection Machine CMI-180E

Machine specifications

- 1800mm width capacity
- Adjustable electronic speed
- Can handle re-roll diameter up to 500mm
- Mechanical Yard counter
- Roll to Roll
- Photocell edge alignment
- Economically priced

Technical Data Fabric Inspection Machine CMI 180E

Maximum operation width	1800 mm
Inspection width	1800 x 600 mm
Machine Speed	0 - 45 m/min (50 yards/min)
Motors	
Motor power	0.37 kw
Power	220 V, single phase 50/60 cycles
Machine dimensions	2400 / 1300 / 1750 mm
