

Fabric Inspection Machine CMI-210ZR

Machine specifications

- 2100mm width capacity
- Roll to Roll, Roll to Flat
- Machine speed electronic infinitely variable
- Photocell edge alignment
- Electronic tension adjustment
- Electronic meter counter
- Economically priced

Technical Data Fabric Inspection Machine CMI 210ZR

Maximum operation width	2100 mm
Machine Speed	0 - 45 m/min
Motors	
Motor power	1,5 kw
Power	220 V, single phase 50/60 cycles
Machine dimensions	2680 / 1580 / 1860 mm
